# *Supply Chain Management Consulting Services*

We specialize in combining speed and reliability with extremely economical rates. Worldwide Logistic Partners, Inc. has formed strategic alliances with truckers, railways, warehouses, and ocean and air carriers. This, in turn, enables us to provide special rates that lower your shipping costs considerably. Not to mention, exceptional standards of service.

Worldwide Logistic Partners and our professionals offer extensive experience delivering your

organization a full range of consulting services. Our goal is to specifically design a process to improve your International or Domestic Supply Chain. Our automated processes and models prove to significantly reduce your Supply Chain spending, reduce cost of inventory, reduce number of days in transit and many other measurable improvements.

# Ocean Freight

Worldwide Logistic Partners, Inc. provides the movement of drums, case goods, machinery, and hazardous and non-hazardous and general cargo. Our customized solutions for your specific ocean freight shipment requirements are the heart of our services.

## **Full Container:**

We provide all sizes and types of containers on a worldwide basis for your FCL (Full Container Load) shipments tailored to meet the needs required for the safe, reliable and flexible movement of your cargo.

We offer door-to-door freight services allowing you the ability to load your container based on your specific needs.

## **LCL Services:**

Specifically designed for customers who require transportation of small shipments, such as samples. We pick up any size parcel at any location, consolidate it with other shipments at warehouses worldwide, and move the cargo to and from most worldwide cities.

## **Liquid Bulk Transport:**

We provide a packaging system for the movement of bulk liquids in 20 foot standard containers. This makes it possible to ship up to 5,750 gallons (26,000 liters) of non-hazardous liquid. Strict guidelines are followed to ensure the safety of the product. Different types and sizes of flexi tanks, depending upon the product and weight, are also available.

Tank containers provide the means for the safe, effective and economical shipment of liquids in bulk on a door-to-door basis.

# Container Sales

As part of our Total Logistics, we offer the sale and lease of new, used and refurbished ocean containers for all of your shipment and storage needs. We offer custom solutions to meet your specific needs, allowing you a hassle-free option for transporting and storing your goods. Whatever the size, shape or scope of your project, our size and modification options are sure to meet your needs.

# *Air Freight*
